

Spring RV Tune Up Menu

Get your RV checked before you hit the road this spring. We offer base services at a flat rate for prepping and inspecting your trailer or motorhome. If we discover any issues or items needing repair we'll reach out to you with a non-obligatory quote.

Give us a call today to schedule your Spring services.

De-Winterize - \$84.50

Flush all lines of antifreeze and turn all bypasses to make the unit ready for camping.

Water system Check - \$126.75

Run the water pump with city water to ensure it is working properly, with no leaks in the lines, faucets, drains, or toilet.

Gas Test - \$94.50

Check the gas pressure and check for any leaks. Fire up appliances (stove, furnace, water heater, A/C, etc.) to make sure everything is working properly.

Electrical & 12 Volt Inspection - \$126.75

Test all 110-Volt functions for issues, this includes outlets, lights, charging systems, etc.

Roof & Sides Caulk Inspection - Complimentary with any package above.

Check all caulk seams for gaps and cracks. We will call with the results of the inspection.
